Modification

Grant of Authority

Effective Date: 06/27/2005

Nature of Service: Direct to Home Fixed Satellite, Fixed Satellite Service

On May 27, 2005, SES Americom filed an application for modification of its authorization, pursuant to the streamlined fleet management procedures under section 25.118(e) of the Commission's rules, to relocate its AMC-2 satellite from the 105° W.L. orbit location to the 85° W.L. orbit location and operate in the 11700-12200, 140000-14500, 3700-4200, and 5925-6425 MHz bands. Previously, pursuant to SES Americom, Inc., Order and Authorization, DA 03-2197 (rel. July 7, 2003), the AMC-2 satellite had been operating at the 105° W.L. orbit location on a temporary, non-harmful interference basis. The fleet management modification became effective 30 days after receipt.

Special Temporary Authority

Dismissed by Delegated Authority

Effective Date: 06/27/2005

Nature of Service: Fixed Satellite Service

In SES Americom, Inc., Order and Authorization, DA 03-2197 (rel. July 7, 2003), the Satellite Division, among other things, granted SES AMERICOM, Inc. ("SES AMERICOM") authority to drift the AMC-2 satellite from the 85° W.L. orbit location to the 105° W.L. orbit location, and to operate at the 105° W.L. orbit location on a temporary, non-harmful interference basis. The authority was limited to temporary Ku-Band operations at that location and to temporary use of the C-Band frequencies solely for TT&C functions. The Commission deferred action on the part of the application requesting authority to provide temporary C-Band communications services to customers from the 105° W.L. orbit location. On May 27, 2005, SES Americom filed an application for modification of its authorization (IBFS File No. SAT-MOD-20050527-00110), pursuant to the streamlined fleet management procedures under section 25.118(e) of the Commission's rules, to relocate its AMC-2 satellite from the 105° W.L. orbit location to the 85° W.L. orbit location. The fleet management modification became effective 30 days after receipt. Accordingly, we now dismiss as moot the remaining portions of SES Americom's application, IBFS File No. SAT-STA-20030402-00061.
